IMEX SYSTEMS INC. WINS COMMUNITY LEADERSHIP AWARD IN MICROSOFT PARTNER PROGRAM

Mississauga, ON - Imex Systems Inc. announced today that it has been selected as the winner in the Community Leadership category at the 2006 Microsoft Partner Program IMPACT Awards. The annual IMPACT awards recognize excellence within the Canadian technology partner community and the innovative solutions and value they bring to their customers. The winners were announced at a gala event in Toronto on November 2, 2006.

"Each year we present the IMPACT Awards as an opportunity to celebrate top technology partners who have shown true dedication through their tremendous technical support and customer service," said Lora Gernon, Director of Partner Group, Microsoft Canada Co. "This achievement further demonstrates Imex Systems' commitment to delivering high quality, fully integrated Microsoft-based technologies to its customers, and we are proud to recognize Imex as a recipient of the 2006 Microsoft Partner Program IMPACT Award."

Imex Systems Inc. was chosen as the winner in the Community Leadership category for the implementation of their Connected Government solution called iCity at the City of Kenora. "We are extremely honored to receive this award in recognition of iCity and The City of Kenora portal. The Kenora Portal aggregates Kenora's key community information, provides a large number of municipal government services online to its citizens, promotes economic development and fosters community collaboration" said Shamir Furtado, Director, Government Services. "We worked with the community to build a solution that met their needs and exceeded expectations. The success of the project has been demonstrated by the eager acceptance of the users and the exceptionally high site traffic."

"Imex Systems made the City of Kenora, the most connected community and government in North America. Our city's ability to communicate with our citizens has improved dramatically as we are now able to keep our citizens informed with personalized information, alerts and bulletins." Karen Brown, Manager Finance and Administration, City of Kenora.

Imex Systems Inc., along with other technology partner winners and finalists in each of the award categories, was honored at a gala event in Toronto on November 2, 2006.

About the Microsoft Partner Program IMPACT Awards

In 2003, Microsoft Canada replaced all of its previous technology partner awards with a unified program that also recognizes customer service, marketing, and contribution to the community. Microsoft Canada has outlined 30 categories to highlight the Partner Program competencies to honour the achievements of top technology partners.

The Microsoft Partner Program IMPACT Awards were open to Systems Integrators, Large Account Resellers, Direct Market Resellers, Value Added Resellers, Distributors, Systems Builders, Authorized Education Resellers, Certified Partners for Learning Solutions, Microsoft Certified Partners, Independent Software Vendors, Channel Suppliers, Microsoft Business Solutions (MBS) Partners and Original Equipment Manufacturers.
