

IT Outsourcing to Canada

Nearshore IT Outsourcing Services in Canada

Canada is one of the top IT outsourcing destinations in the world and is one of the largest providers of outsourcing services to the USA. Canada is America's single largest trading partner (\$680B) and the largest export market for 39 US states making it the largest foreign contributor to the US economy.

Canadian Advantage

- Cost advantage compared to USA.
- High availability of extremely skilled IT resources.
- Stable workforce without high attrition rates as in other major outsourcing countries.
- Similar culture and language to the USA.
- Familiarity with American business processes.
- Same time zones as USA resulting in real-time communications and instant responses.
- Within drivable distances for many states and same day return plane trip from anywhere in the country.
- NAFTA Partner. No Visa problems for visitors or workers. No trade barriers.
- Excellent communication system between USA and Canada.
- Canada is a technically advanced country with a very sophisticated infrastructure.
- Intellectual Property Protection and Privacy Laws.

Enjoy the security of dealing with a stable western country and a long time ally of the USA
