

Ontario Public Sector

IT Services and Solutions

Imex Systems Inc. has been successfully providing a variety of IT solutions and services to all levels of government in Canada since 1997. We have held Vendor of Record status to the Ontario Government for over five years, working across the ministries on turnkey projects as well as providing consulting services to complement project teams.

Our Vendor of Record Designations for the OPS include:

- VOR-1002-04 Legacy IT Consulting Services
- VOR-1005-04 Task-Based IT Consulting Services
- VOR -1004-04 Business & Management Consulting Services

As a Vendor of Record to the Federal Government for the Government Online program (GOL) we also hold federal government security clearance for handling confidential data and applications.

Imex Systems Inc. provides high quality and competitively priced IT consulting services for **all roles and platforms** using a prudent mix of our in-house team and specialized external expertise.

We offer end-to-end solutions and are able to support our work long after the consultant transition. Our philosophy is to deploy solutions with a solid link to business benefits.

Specialized Services include:

- Portals
- Content Management System Implementation
- Web Services
- Electronic Service Delivery
- Service Oriented Architecture (SOA)
- Business Process Management (BPM)
- IT Infrastructure Library (ITIL)
- Web Accessibility and Common Look and Feel Compliance
- Fully Managed Secure Hosting

We have provided services to every major Ministry and I&IT Cluster in the Government of Ontario. Visit our website to find a comprehensive listing of recent projects at: www.imexsystems.com/ontario.
