

e-Business

e-Business Solutions

Imex Systems Inc. offers a full suite of e-Services software to provide comprehensive e-Business solutions.

Our e-Business solutions help businesses to:

- Upgrade static websites to include portal functionality
- Interact with customers, suppliers and partners (Extranets)
- Communicate with employees (Intranets)
- Manage customer relationships (CRM)
- Provide customer self-service and online technical support
- Deliver training to employees and partners (e-Learning)
- Implement electronic billing, invoicing and payment systems
- Offer e-commerce solutions complete with online shopping carts
- Offer wirelessly connectivity for mobile staff

Our partnerships with Microsoft, Oracle, IBM, HP and Magic Software enable us to provide optimum e-Business solutions that seamlessly integrate with existing and future applications used by your organization.

To further help our clients to minimize their infrastructure costs and maximize the reliability and security for their e-Business applications, we offer fully managed application hosting solutions with guaranteed 99.99% uptime!
