

e-Government

e-Government Solutions

Imex Systems Inc. has a proven track record of delivering turn-key solutions and a variety of IT services to all levels of government. We have delivered several complex projects dealing with all aspects of governmental responsibility – from departmental administration to information and service delivery. Imex Systems Inc. is an approved vendor for the federal government and several provincial governments and has federal security clearance to handle confidential data and applications.

Imex Systems Inc. provides dynamic solutions for electronic service delivery by governments of all levels including:

- Business Process Integration
- Portals and Content Management
- Web Accessibility Compliance
- Online Service Delivery
- Payment of Taxes, Fines and Penalties
- Online Applications and Approvals
- Online Permits and Licenses
- Online Billing and Payment
- Citizen Self-service
- Citizen Communications
- Information Delivery

These applications/services can be delivered over regular Internet, IVR and Wireless channels.

Our **iCity** product provides a readymade e-Government framework for Municipal Governments to deliver a variety of electronic services (including Portal and Content Management) to city residents and businesses.
